Celebrate With Us

Forty years ago, Congress wanted to protect 756,000 acres of amazing views, wildlife and fisheries and thus the Sawtooth National Recreation Area was born. The Sawtooth Valley has become a playground for outdoor enthusiasts. Recreational activities including hiking, mountain biking, white water rafting, fly fishing, horseback riding and rock climbing are at their peaks.

Celebrate the SNRA’s birthday with us before the IRMR goes into annual hibernation on September 15. As our gift to you, your stay for two in any accommodation -- deluxe cabin, cabin or lodge room -- would be \$344 per night. This rate includes breakfast, packed lunch, dinner and use of the ranch facilities (natural hot springs swimming pool, mountain bikes, catch-and-release fishing pond with paddle boat and indoor/outdoor games).

Unearth why the SNRA and IRMR are some of life’s best kept secrets.
