

HISTORIC CHARM ✨ MODERN COMFORT

The living history of the old west mingles with the peace and solitude of the Ranch's 900 acres, providing a genuine wilderness retreat with high alpine adventure and backcountry relaxation alike, and plenty of soothing amenities to rejuvenate your muscles and mind at day's end.

The 1930 original Lodge and individual guest cabins, nestled in the breathtaking Sawtooth Valley between spectacular Rocky Mountain peaks, offer comfort, simplicity, historic charm and the ideal home base to explore the largest protected wilderness area in the "lower 48". The atmosphere is friendly, the cuisine fresh and innovative, the activities plentiful, and the view from the porch –well, you just have to experience that for yourself.

"an oasis of understated comfort and civilization"

-New York Times, Travel section

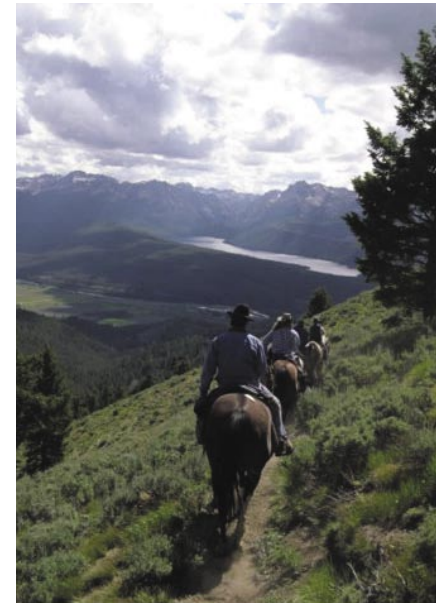

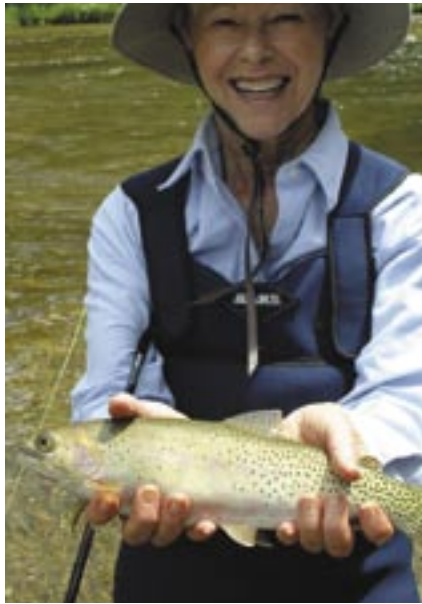

Our natural hot springs pool on the banks of the Salmon River soothes and restores. Brilliant moon rises and star gazing complete the experience.

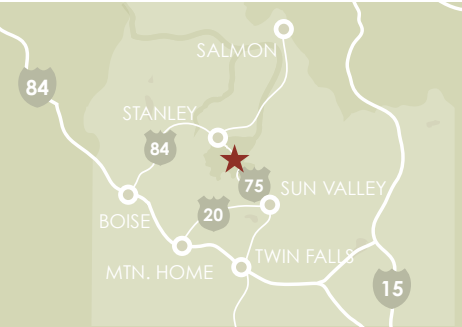

Sink into a leather couch in front of a crackling fire to enjoy the Sawtooth view, a game of chess and the company of friends.

Begin the day with our famous home-baked butterscotch crumble, followed by a hearty breakfast. In the evening, savor gourmet lodge dining, succulent meats and Idaho trout at our outdoor barbecue, and Dutch oven cookout.

Enjoy a sunrise trail ride, a hike through the mountain lupine to a crystal blue alpine lake, or the infamous Fisher Creek mountain bike ride. Or, go fly-fishing, whitewater rafting, rock climbing, swimming and boating on pristine area lakes, and, of course, porch sitting and relaxing.
