WEEKLY ACTIVITIES

Biking Clinics Monday and Thursday mornings with Jeff Ballas and Bill Leavell will introduce beginning riders to the mechanics and joy of mountain biking, including an initiation pedal on the ranch.

Fly Casting Clinics Tuesday morning with Mary Ann Dozer, Silver Creek Outfitters, offer something for casters of all ability levels. Beginners experience what it feels like to cast a fly rod and learn the fundamentals of casting. More experienced casters will receive Mary Ann's personal attention and pointers to take their casting to the next level.

Let's Talk Fishing on the IRMR Porch Wednesday evenings with Mary Ann and Dave Dozer. They'll share their passion for fly fishing, their knowledge of local waters, and answer any questions you might have. This will be a wonderful opportunity to learn about gear, techniques, fly patterns and local hot-spots during your evening porch time, in a casual give-and-take discussion.

Guided Hikes Thursday with Bill Leavell, under the auspices of Sawtooth Mountain Guides. Bill will guide a limited number of guests on an intermediate-advanced hike in the Sawtooth Mountains.

Fly Tying Classes Friday, offered by Dave Dozer, will teach the fundamentals of fly tying, tying 2 to 3 of Dave's favorite local fly patterns in this 1.5 hour class. The \$50 fee includes all tools and materials, and may be billed to your room.
