## Celebrate the Ranch's 80th Birthday!

March 2010

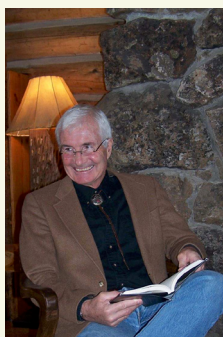

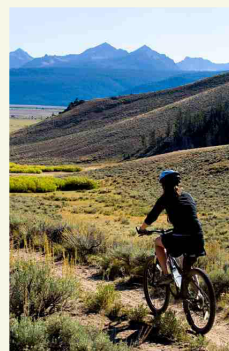

Celebrate 80 years of Ranch tradition, enjoying old and creating new memories during a summer Ranch vacation. Whether you're visiting for the first time or a return guest, you'll be welcomed in Idaho Rocky style, treated to the Ranch's best. Read on to discover what's new this summer. Come Join the Celebration

**EXTRA! EXTRA! Read all about it....**

### **Hop on a Bike or Horse**

Use of mountain bikes now is included for IRMR guests, as well as a horseback ride for those staying with us 4+ days. Our new Specialized Rock Hoppers with front shocks are ideal for your Ranch and area biking, Devan's horses will be saddled and waiting, and Erica will have new trails to share for your on-foot explorations.

### **Enjoy the Summer Showcase Series**

We're excited to have partnered with the Stanley Interpretive and Historical Association (SIHA) for our July and August Summer Showcase speakers. The Series will feature Creatures, Critters and Varmints of the Sawtooth-Salmon River country, and include some offsite field excursions. And, throughout the season author John Rember will continue to visit for his always-enlightening and fun Fireside Readings.

## Join the New IRMR Workshops

### Photography

**On June 22, 23 and 24**, Wood River Valley Photographer Craig Wolfrom returns to the Ranch for an interactive workshop, “Developing your Creativity.” His workshop is geared for amateur photographers who currently own an SLR camera and wish to John Rembermove away from shooting in automatic modes. A meet & greet and slide show kick off the activities Tuesday before dinner, followed by Wednesday and Thursday morning field sessions practicing various camera techniques, and post processing afternoon workshops. Students have the option to tour the ranch after dinner and capture a few more low light images. The workshop concludes Thursday with students presenting their favorite images for critique. Students must bring their own SLR cameras and laptop computers with Adobe’s Lightroom and Photoshop (Photoshop Elements is sufficient). Trial downloads are available for both programs, and can be used for the workshop. The course is limited to 5 people--so please call to ensure your participation in this unique workshop.

### Wine

**John RemberSeptember 3, 4 and 5**, John Alonge, The Wine Heretic, returns to the Ranch to educate and entertain you with his workshop that will include Saturday and Sunday morning and afternoon sessions on “Learn How to Taste Like a Pro” and “From Vine to Wine --Divine!” There also will be an evening presentation Saturday “Hand Crafted Wines and Artisan Foods”. A well-respected “educational entertainer” on food and wine topics, Alonge is the founder of the San Diego Wine and Culinary Center, teaches wine industry classes at San Diego State University, writes regularly for Edible San Diego magazine and counts scores of Fortune 500 companies among his clients. Call to register and join in the fun!

**To register or for additional information about the workshops, including fee schedule, call or email us. Details will also be posted on [www.idahorocky.com](http://www.idahorocky.com).**

## Share the Bliss!

We’ve discovered that our loyal guests are our best ambassadors, so please do contact us if you’d like us to send information to family and friends. And, if you’re a member of a painting, hiking, biking, yoga, craft or other activity group that might enjoy the Ranch, please let us know. We’d love to have you!
